

Maintenance Guide for CCleaner

Open CCleaner by clicking its icon. This will bring you to the main menu where you control everything from. Follow the instructions below:

CUSTOM CLEAN: Click on **Custom Clean** from the menu on the left. This section cleans all temporary files, cookies and rubbish from your computer.

1. Click on **RUN CLEANER** and wait until the progress bar reaches 100%.
✓ *Continue on to the Registry section below.*

REGISTRY: Click on **Registry** from the menu on the left. This section scans your computer for invalid Windows Registry errors and removes them.

2. Click on **SCAN FOR ISSUES** and wait until the progress bar reaches 100%.
3. Click on **FIX SELECTED ISSUES**.
4. Click on **NO** when asked if you want to backup changes to the registry.
5. Click on **FIX ALL SELECTED ISSUES** or **FIX ISSUE** if there is only one error listed.
6. Click on **CLOSE**.
7. Click on **CLOSE (X)** at the top right-hand corner of CCleaner to exit.
✓ *You're all done. Repeat all the above steps weekly.*
